

Put erectile dysfunction to

bed

Erectile dysfunction (ED) affects more than 30 million men in the U.S. It is especially common in men with **prostate surgery, diabetes, high blood pressure and obesity**. However, it is now possible to treat almost all men with ED! ED undermines a man's sexual confidence—but successful treatment can help restore it! Many ED treatments are covered by insurance and prescription plans.

Attend a **FREE** Men's Health Community Webinar sponsored by Coloplast Corp. to educate men and their partners about approved ED treatment options
